## Company Overview

Transfer Flow, the leading manufacturer of premier American-made fuel systems, has engineered and manufactured aftermarket and OEM fuel tank systems and vehicle accessories in Chico, California since 1983. Backed by 6-year, unlimited mile warranty and industry-leading customer service, Transfer Flow builds versatile fuel tanks for every need, including high-capacity replacement tanks, in-bed auxiliary tanks, refueling tanks, and fuel tank tool box combination systems. Transfer Flow continues to invest in new technology and state-of-the-art manufacturing equipment, while employing a dedicated and skilled team of more than 100 people from across Northern California. To find out more about our services and federal contracting abilities, contact us today.
